

TOGETHER AND INFORMED – SPECIAL EDITION

Dear insured persons, affiliated companies and partners,

We hope our message finds you well.

As you may already be aware, the new Federal Act on Data Protection (nLPD) comes into force today, 1 September 2023.

At COPRÉ, the protection and confidentiality of the data we process has always been a top priority. COPRÉ therefore welcomes this new legislation, which will generally improve the level of protection applicable in Switzerland and the resulting confidence.

Since the beginning of the year, we have increased our efforts to further enhance the transparency of our operations, as well as our internal procedures for data protection and compliance with legal requirements. The specific actions we have taken to ensure the secure and compliant processing of personal data are as follows:

- Update of our data protection statement:

We have comprehensively revised our data protection statement to be clearer and more precise about our activities and to reflect the provisions of the new law. This statement is freely available on our website.

- Data Management Programme (DMP):

We have formalised our internal data protection processes and rules as part of a comprehensive data management programme, covering both data protection and information security aspects. This programme aims to enable us to even better guarantee a high level of compliance that goes beyond the legal requirements.

- Register of processing activities:

Als registrierte Vorsorgeeinrichtung im Sinne des Bundesgesetzes über die berufliche Alters-, Hinterlassenen- und Invalidenvorsorge (BVG) erfüllen wir in Bezug auf den Datenschutz die gleichen Pflichten wie Bundesorgane. In diesem Zusammenhang haben wir ein Verzeichnis unserer Bearbeitungstätigkeiten erstellt, das auf der Website des Eidgenössischen Datenschutzbeauftragten zugänglich sein wird.

- Data Protection Officer (DPO):

Um eine angemessene Datenschutz-Governance zu gewährleisten, haben wir einen DSB ernannt. Bei Fragen in Bezug auf den Datenschutz können Sie unseren DSB unter dpo@copre.ch kontaktieren.

At COPRÉ, we are proud of the commitment we have always shown to data protection. With these additional measures in place, we are confident that we will continue to ensure a high level of confidentiality and security for any personal information you entrust to us.

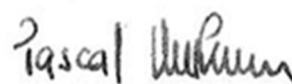

We appreciate your confidence and will be happy to answer any questions you may have regarding this topic. Please feel free to contact us at dpo@copre.ch if you need additional information.

Dear insured persons, affiliated companies and partners, we send you our cordial greetings.

Take good care of yourselves.
